The Healing Prayer Ministry

of Ladner United Church/All Saints Anglican Church

Who we are:

We are a group of people who have come together to respond to Jesus' call to carry forward with this gift of healing, which is freely given. All members of this ministry have completed at least one level of the Healing Pathways Programme offered through the United Church's Naramata Centre.

What we believe:

We believe that healing is a process guided by God to restore balance and wholeness of body, mind and spirit.

We believe that to serve as an instrument of healing is an honour and a privilege. It is our responsibility to act as a "healing presence" with integrity and accountability. We follow the code of ethics provided by the Healing Pathways Programme.

Healing Prayer explained:

Our healing group offers the gift of Healing Touch through prayer. Healing Touch is a Christian adaptation of Therapeutic Touch. It is an energy based approach to healing.

We are prayerfully being the vessel of God's healing light and love for those requiring physical, emotional or spiritual healing.

We offer this as a healing not a curing. A person can be healed without being cured.

Healing prayer is a complement to and not a replacement for medical or psychological care.

People may also choose to receive this healing touch as a means of deepening their spiritual connection.

What happens in a healing session:

You will meet with people providing healing prayer and talk (if you wish) about what you are seeking. The practitioners will explain what will occur.

For the healing work you will lie fully clothed on a padded table or sit in a chair.

The practitioners will move their hands in a gentle way on or over points of your body.

You are always in charge of the session and free to speak if you are uncomfortable or wish the session to stop.

Afterwards, you may want to reflect on your experience or ask more questions.

The session lasts from 40 to 60 minutes and is confidential.
